

# Love Comes To Me

## Air Supply

As long as I live, all that I receive  
Is what I want to give to you  
I know that if I can stay for a while  
You will soon love me tooLet's take a chance  
At least we'll learn a lesson  
It beats hanging 'round waiting  
For moments that wait into days  
I don't want to love you in two different waysDo you want to give, do you want to give me  
Your whole day and more  
Do you want to give, do you want  
Always the key to the doorIt's easy for you, talking your way  
Out of all situations  
When you can't see through and leave it up to me  
And that's what I do, and that's what I doLove comes to me and leaves me with you  
Love runs through me, in all that you do  
Don't walk away, don't leave me standing here  
That's not the way, don't lead me anywhereI need you now, I need you now  
Don't leave me standing here  
Oh, I don't know, I just don't know  
It's much too fast for me, can't we go slow?Oh, I don't know, I just don't know  
What do you want me to do
