

# Out In the Country

Paul Williams

Whenever I need to leave it all behind  
Or feel the need to get away  
I find a quiet place  
Far from the human race  
Out in the country

Before the breathing air is gone  
Before the sun  
Is just a bright spot in the night time  
Out where the rivers like to run  
I stand alone  
And take back something worth remembering

Whenever I feel they're closing in on me  
Or need a bit of room to move  
When life becomes too fast  
I find relief at last  
Out in the country

Before the breathing air is gone  
Before the sun  
Is just a bright spot in the night time  
Out where the rivers like to run  
I stand alone  
And take back something worth remembering
