

I'm Not

Kyuss

I'm not ready to leave this world
Bring as big a people
Well, no one told me about them Sometimes well, it doesnt seem to matter
But I'll make mine a good one
I'm up with the clouds of hate Only time will tell
Time will tell, will tell I'm not ready to leave this world
Bring as big a people
Well, no one told me about them Sometimes well, it doesnt seem to matter
But I'll make mine a good one
I'm up with the clouds of hate, yeah Well, only time will tell
Well, only time will tell
Well, only time Well, only time will tell
Takin' [Incomprehensible]
Well, only time will tell, yeah Well, only time will tell
Only time tell
Only time will tell
Only time will tell Well, I'm not ready to leave this world
Bring as big a people
Well, no one told me about them Sometimes well, it doesnt seem to matter
But I'll make mine a good one
I'm up with the clouds of hate, yeah Only time will tell
Well, only time will tell
Only time
