Ringtone

Naeto C

Push girl like all the time,
I wanna push the button, I wanna press rewind
you can't imagine naaah
you can't imagine naaah (x2)I really like your ringtone (oh oh oh) when I put my touches upon you,
I really like your ringtone (oh oh oh) I know exactly what puts you in the mood,
(waiting i go, waiting i go, waiting i go dooo...)(x2)Oh gosh I think this girl is everything I want her to be,
And this one's different 'cause she never wants to argue with me,
Look at that body on her,
I'm so lucky she's mine,
You want designer bags?
You get to wear a tone'Cause every single show I do,I split my money in two,
So I can put some in the bank, and purchase something for you,
Look at that body on her,
I'm so happy she's mine,
I love the ringtone that she makes when I'm twisting the style,I really like your ringtone (oh oh oh) when I put my touches upon you,
I really like your ringtone (oh oh oh) I know exactly what puts you in the mood,
(waiting i go, waiting i go, waiting i go dooo...)(x2)Time waiting i go do, 'cause girl you know you're my boo,
To keep you happy 'cause i know material things will not do
And when I'm far away, I go to see if she's fine,
And when I go away, that body stays on my mind,
I open up nothing to happen 'cause my body with youThe trust is something now she's very sure the things I won't do,
'Cause when I'm far away, she calls to check upon me,
And tell her "mami no one else can put it like her on me",I really like your ringtone (oh oh oh) when I put my touches upon you,
I really like your ringtone (oh oh oh) I know exactly what puts you in the mood,
(waiting i go, waiting i go, waiting i go dooo...)(x2)Push girl like all the time,
I wanna push the button, I wanna press rewind
you can't imagine naaah
you can't imagine naaah (x2)Make you feel so good like all the time, I wanna push the button, I wanna press rewind
you can't imagine naaah
you can't imagine naaahWaiting i go do, 'cause you make me feel brand new, Now i like to rock her,
There ain't any other, i told you that those girls are just jealous,
They wanna be in your heels,
It's true, 'cause you know, you know, you know, you know,really like your ringtone (oh oh oh) when I put my touches upon you,
I really like your ringtone (oh oh oh) I know exactly what puts you in the mood,

(waiting i go, waiting i go, waiting i go dooo...)(x2)
