

# Inevitable (AOL Sessions)

## Anberlin

Do you remember when we were just kids  
And cardboard boxes took us miles from what we would miss?  
School yard conversations taken to heart  
And laughter took the place of everything we knew we were not  
I want to break every clock  
The hands of time could never move again  
We could stay in this moment for the rest of our lives  
Is it over now, hey, hey, is it over now?  
I want to be your last first kiss that you'll ever have  
I want to be your last first kiss  
Amazing how life turns out the way that it does  
We end up hurting the worst, the only ones we really love  
I want to break every clock  
The hands of time could never move again  
We could stay in this moment for the rest of our lives  
Is it over now, hey, hey, is it over now?  
I want to be your last first kiss that you'll ever have  
I want to be your last first kiss  
Is it over now, hey, hey, is it over now?  
Is it over now? Hey, hey, it's not over now  
I want to be your last first kiss that you'll ever have  
I want to be your last first love that you'll ever have  
Lying here beside me, palms and eyes open wide  
I want to be your last first kiss for all time
