# Surrender (Exit Gravity)

## Royal Hunt

"Open up the window"-said the light-"See into another
world"
Is it only a dream?
Voices sound familiar in the night...could this be reality?
Or is it all in my mind?Why me? Could I just be "The One"? Or have I come undone?Head in through the door and start to run straight into
another life,
dear old friends beside me
Never had a dream that's so surreal-could this be the end
for me?
Am I losing my mind?Still...I just stay.Can't run away-there's a price to payLook into the sky through the naked eye,in a flash of light -
surrender
Losing everything,soldiers march and sing.Distant bells
will ring - surrender
Let the children cry-earth will breath a sigh in a blaze of
light - surrender
They're taking everything.Demons dance and sing when the
chimes will ring
The end is here"Open up the window"-said the light-"Welcome to another
world"
Dear old friends beside me
Voices so familiar every night-could this be reality?
Am I losing my mind?
