

Surrender (Exit Gravity)

Royal Hunt

"Open up the window"-said the light-"See into another
world"

Is it only a dream?

Voices sound familiar in the night...could this be reality?

Or is it all in my mind?Why me? Could I just be "The One"? Or have I come undone?Head in through the door
and start to run straight into
another life,

dear old friends beside me

Never had a dream that's so surreal-could this be the end
for me?

Am I losing my mind?Still...I just stay.Can't run away-there's a price to payLook into the sky through the naked
eye,in a flash of light -
surrender

Losing everything,soldiers march and sing.Distant bells
will ring - surrender

Let the children cry-earth will breath a sigh in a blaze of
light - surrender

They're taking everything.Demons dance and sing when the
chimes will ring

The end is here"Open up the window"-said the light-"Welcome to another
world"

Dear old friends beside me

Voices so familiar every night-could this be reality?

Am I losing my mind?
