

Dirty Ice Cream

Lady Gaga

It's too much a mess and a stress to figure out
And too much pressure on us, babe
Last night you took me to the mall
And then it started to get physical But we've only been on one date, baby
Yeah, and it was fun 'til you start acting crazy
I don't really find it very cute or sexy
When you call or incessantly t-t-text me Don't be dirty ice cream, baby
We could fall in love
But it's too early to be calling me like that
Stop calling, stop calling It's not indecision, just my female intuition
Telling me you can't be calling me like that
Stop calling, stop calling I can't live with you, yeah it's true
Or live without the kind of guy that I'm about
You kiss me like a rock star
And you always wanna hold my hand But we've only been on one date, baby
Yeah, and it was fun 'til you start acting crazy
I don't really find it very cute or sexy
When you call or incessantly t-t-text me Don't be dirty ice cream, baby
We could fall in love
But it's too early to be calling me like that
Stop calling, stop calling It's not indecision, just my female intuition
Telling me you can't be calling me like that
Stop calling, stop calling Don't be, don't be
(Dirty ice cream)
Don't be, don't be
(Dirty ice cream) Don't be, don't be
(Dirty ice cream)
Don't be, don't be
(Oh no) Don't be, don't be
(Oh no)
Don't be, don't be
(Oh no) Don't be, don't be
Don't be, don't be Don't be dirty ice cream, baby
We could fall in love
But it's too early to be calling me like that
Stop calling, stop calling It's not indecision, just my female intuition
Telling me you can't be calling me like that
Stop calling, stop calling
