Chocolate Distance (Hypnotized)

Karuan

I am hypnotized when I see your grace
But I need to keep the distance

I am hypnotized when I see your grace
But I need to keep the distance

I am hypnotized when I see your grace
But I need to keep the distance

I am hypnotized when I see your grace
But I need to keep the distance

I am hypnotized when I see your grace

I am hypnotized when I see your grace
But I need to keep the distance

I am hypnotized when I see your grace
But I need to keep the distance
