

Square One (Michael Feihstel's

Coldplay

You're in control
Is there anywhere you want to go?
You're in control
Is there anything you want to know?
The future's for discovering
The space in which we're traveling
From the top of the first page
To the end of the last day
From the start in your own way
You just want somebody listening to what you say
It doesn't matter who you are
Under the surface trying to break through
Deciphering the codes in you
I need a compass, draw me a map
I'm on the top, I can't get back
Whoa whoa
The first line on the first page
To the end of the last page
From the start in your own way
You just want somebody listening to what you say
It doesn't matter who you are
It doesn't matter who you are
You just want
Somebody listening to what you say
Oh, you just want somebody listening to what you say
It doesn't matter who you are
It doesn't matter who you are
Is there anybody out there who
Is lost and hurt and lonely too
Are they bleeding all your colors into one?
And if you come undone
As if you've been run through
Some catapult it fired you
You wonder if your chance will ever come
Or if you're stuck in square one
