

# Skyscraper (Acoustic Version)

## Bad Religion

Come let us make bricks  
And burn them hard  
We'll build a city  
With a tower for the world And climb so we can reach  
Anything at all  
Build me up, Tear me down  
Like a skyscraper Build me up, then tear down  
These joining Walls  
So they can't climb at all  
I know why you tore it down that day You thought, if you got caught  
We'd all go away  
Like a spoiled little baby  
Who can't come out to play You had your revenge  
Build me up, tears me down  
Like a skyscraper  
Build me up, then tear down These joining walls  
So they can't climb at all
