Move On

Samu

I need ya to hear me out
Cause if I don't say thing
I think it's gon kill me now
so Imma start this by opening my mouth, saying
I have a confession to make
Im putting my relationship at stake
More news that you can relate
Imma say what I must sayBecause a guy like me
dreams only come wishful thinking
nightmares turn into reality
and the darkness is her heart that's broken
What if I told yah?
You should move on
Because I have been holding the truth from you for far too long
And there was no excuse I knew that it was wrong
So before I go, I thought I'd let you know
what's really going on, oh
oh, oh, oh
I wanna know if I can say something
I hope that I can say one thing
I'm sure that she's hating me now
I don't wanna wait for me
how stupid it was of me to use you
even crowded by billions I still choose you
you're one out of a billion
and I'm just a man whose no different from the rest of themBecause a guy like me
Dreams only become wishful thinking
Nightmares turn into reality
And her darkness is her heart that's broken
What if I told yah?
You should move on
Because I have been holding the truth from you for far too long
and there is no excuse I knew that it was wrong
so before I go, I thought I'd let you know
Girl please move on
Leave me alone
Now that you know the truth and what's going on
Girl move along
Go ahead, go on

You should leave and not come back to me anymore
Now that you know what's wrong
Now that you know what's wrong
I gotta let you know, we should let it go
Girl I know your fed up
yeah, you deserve better
Please keep your head up
and understand that I'm just a man whose no different from the rest of themWhat if I told yah? (I tried to tell yah)
You should move on (Baby please move on)
Because I've been holding the truth from you for far too long
And theres no excuse I knew that it was wrong
So before I go, I thought I'd let you know
What's really going onThe End
