

Black Hole In My Mind

The Lillingtons

They used to call me Captain Scott
I used to be an astronaut
put me on a rocket into space and
now im lost without a trace
and now im really out of sight
and now nothings gonna be alright yeah

My life has been a wate of time
ive got a blackhole in my mind REPEAT 5 TIMES

They used to call me Captain Scott
I used to be astronaut
they put me on a rocket into space and
now Im lost without a trace
and now im really out of sight
and now nothings gonna be alright yeah

My life has been a waste time
ive got got a blackhole in my mind REPEAT 5TIMES

in my mind
in my mind

My life has been a wate of time
ive got a blackhole in my mind mmmmiiinnnnddd REPEAT 5 TIMES
