All That's Known

Jonathan Groff

MELCHIOR
All thats known
In History, in Science
Overthrown
At school, at home, by blind menYou doubt them,
And soon they bark and hound you
Till everything you say is just another bad about youAll they say
Is Trust in what is written
Wars are made
And somehow that is wisdomThought is suspect
And money is their idol
And nothing is okay unless its scripted in their BibleBut I know
Theres so much more to find
Just in looking through myself, and not at themStill, I know
To trust my own true mind
And to say theres a way through thisOn I go
To wonder and to learning
Name the stars and know their dark returningIm calling
To know the worlds true yearning
The hunger that a child feels for everything theyre shownYou watch me
Just watch me
Im calling
And one day all will knowYou watch me
Just watch me
Im calling
And one day all will know
