

# Last Regret (Lost in Prague Orchestra Mix)

## Paradise Lost

Feel the will to try  
Adapting all the time  
Feel the wealth inside  
For the last ones...  
For the last ones...Hear my last words  
this my last regretKill the will to die  
in a sense it all seemed right  
Dreaming darkness lies  
for the last ones...  
Freedom is denied  
for the last ones...Hear my last words  
this my last regret
