One Final Breath

Presence

I just wanted to say thank you
For teaching me the things
I couldn?t have learned without you
And I know that you?re watching over me
So tell me did I turn out to be
Everything that you hoped I?d be
I just wish I had a second chance to say
That I love you ?cause I didn?t before you passed away
I hope you know
How many lives you touched
Your memory lives in all of us
I miss you so much
One final breath between you and I
One final test when I looked into your eyes
This is what you left all I am inside
With one final breath you gave me life
Just the other night you visited me in a dream
You looked as healthy as ever the best I?ve ever seen
You stood there in the light surrounded by a sea of green
It was a beautiful place where only love could breathe
Then you took me by the hand and told me silently
That objects in the mirror may be closer than they seem
And I thanked you with a smile for reminding me
You didn?t have to speak ?cause I heard every word
Your message was clear and you can be rest assured
That I?ll teach all the rest the best of all that I?ve learned
Your death gave life to me and I?ve turned into the best person
That I can be court?s adjourned
One final breath between you and I
One final test when I looked into your eyes
This is what you left all I am inside
With one final breath you gave me life
Now I live my life for you
To the greatest teacher I?ve ever known from beyond
You showed me that I?ll never be alone
And I?ve grown beyond my years
These tears are here to show you that I?ve conquered the fear
Let us not grieve over your death
But celebrate your life and let you rest

A life with no regrets, just love and happiness
You taught us this and now bliss manifests
One final breath between you and I
One final test when I looked into your eyes
This is what you left all I am inside
With one final breath you gave me life
