Sham 69

I know this bloke called Dave
He took us to meet his mother
She lived in a beautiful house
A cup of tea kind of motherSmash smash they smashed the window
Fast food and Blackpool bingo
Smash smash they smashed the window
Fast food and Blackpool bingoI knew a girl so rude
She wanted me to be her lover
I remember that day so well
I remember it like no otherSmash smash they smashed the window
Fast food and Blackpool bingo
Smash smash they smashed the window
Fast food and Blackpool bingoJunkie you only think about your habit
You little shit you only know the bottom line
Junkie you only think about your habit
You little shit you only know the bottom line
Junkie you only think about your habit
You little shit you only know the bottom line
Junkie you only think about your habit
You little shit you only know the bottom lineThe lift in the tower block stinks
The dragon lies asleep
The dealer gives a Kings Cross kiss
And those urban dogs are still taking the pissSmash smash they smashed the window
Fast food and Blackpool bingo
Smash smash they smashed the window
Fast food and Blackpool bingoJunkie you only think about your habit
You little shit you never know the bottom line
Junkie you only think about your habit
