# For Me It's Hello

## Cedar Hill

For Me Itâ€™s Hello

I stood by the bed side. the day Mama died

I still remember, it hurt bad inside

she looked up and smiled, I was the apple of her eye

But Mama, please Mama, donâ€™t say goodbye

chorus:

Take care of your self, donâ€™t worry about me

Iâ€™ve planed for this journey, for a long time you see

I will see Jesus, and the loved ones I know

so it wonâ€™t be goodbye, for me itâ€™s hello

This world has itâ€™s hardships, Mama youâ€™ve had your share

But you held us together, with love and thru prayer

Though always for others, your life you have lived

youâ€™ve give all you have, Oh, there's no more to give

chorus

She then closed her eyes, Oh, the room was aglow

Though I did not see them, it was Angles I know

They left her frail body, they carried her away

Oh, Mama I'll see you in Heaven some day

Chorus
