Freedom Call

PowerSteel

An island lies in the sea of stars
So far from time
The wise men came foretelling my heart
Reach for the sunDeep inside my eyes you see the tears of long ago
Telling tales of loneliness before
Standing by my side you feel the fears of once before
Telling tales of emptiness and moreStrangers in the night rising up to fight
Rising up to bust the demon's spellFreedom call, the cry of barren souls
The surveillance of mankind will fall
Freedom call, the cry of barren souls
Under surveillance we never will fallI spent all my life to get salvation from afar
I've seen stairs arisen from belowStrangers in the night rising up to fight
Rising up to bust the demon's spellFreedom call, the cry of barren souls
The surveillance of mankind will fall
Freedom call, the cry of barren souls
Under surveillance we never will fallOnce upon a time our world was in decline
On a storyteller's night, I felt the breeze of life
And I saw the rays of light, across the burning sky
When the master sent the sign, reflecting all divineFreedom call, the cry of barren souls
The surveillance of mankind will fall
Freedom call, the cry of barren souls
Under surveillance we never will fall
