

# Like Water

## Bad Company

My life is like water  
And I'm floating in the sea  
But I have a root in the water  
And it's reaching stretching endlesslyMy love flying in the sky  
And far away from the water she lies  
Sometimes big wave coming when I'm down  
But soon I stand on up againMy life is like water  
And I'm floating in the sea  
My soul is a stream on the water  
I was born reaching endlessly, yeah oh yeahMy life is like water  
And I'm floating in the sea  
My soul is a stream on the water  
I was born reaching endlessly, oh reaching endlessly, ohAll my life  
My life is like water  
All my life  
My life is like waterSaid I'm gonna reach out, reach out endlessly  
Yeah I'm gonna reach out endlessly, oohLife is like, the life is like  
The life is like water  
Life is like, the life is like  
The life is like water
