Voivod

Voivod

My lands are infectious
Your sun begin to gloom
You see my harmful country
And my sky is black today
Pay the price for your life
Your ticket to open gate to dieVoivod, I'm a paranoid
Voivod, the wine of blood
Voivod, I'm a crazy god
Voivod, the ferocious dogMy eyes fix your soul
I like it 'cos it's too late to go
When I relish, I'm a beast
When I torture, you freeze
And if you see your angel
Contaminate him with cancerVoivod, I'm a paranoid
Voivod, the wine of blood
Voivod, I'm a crazy god
Voivod, the ferocious dogI'm a nuclear creature
For atomic fight
Come with me in my spider line
In the black hole of the nightYour visit is short today
Don't worry in the terror you stay
And if you don't trust me
I'll chop your body to eatVoivod, I'm a paranoid
Voivod, the wine of blood
Voivod, I'm a crazy god
Voivod, the ferocious dog
