Ocean Blue

A Blue Ocean Dream

It was when I was stealing
Glances from you,
It was when I was feeling,
You stole from me too.

Our glances stray and,
I take your hand and you take mine.

And your eyes were ocean blue,
And the sky was too.
And your eyes were ocean blue,
And the sky was too.

Right words I am missing,
For my feelings so true,
And for the lips I am kissing,
Belonging to you.

Our glances stray and entwine,
I take your hand and you take mine.

And your eyes were ocean blue,
And the sky was too.
And your eyes were ocean blue,
And the sky was too.

O-o-o-ooh-o-oh
O-o-o-ooh-o-oh

And your eyes were ocean blue,
And the sky was too.
And your eyes were ocean blue,
And the sky was too,
And the sky was,
And the sky was,
And the sky was too.
