

Wake Up Dead

Veruca Salt

Wake up dead
You're entitled to
A night or two in bed
Without disguises
Wake up dead
You've decided to
Spend eternity without surprises
Wake up dead
You're excited to
Wake up dead
But I will accept you
Til the sun falls down
And I will protect you
Til the sun falls down
Wake up dead

You're invited to
Take a midnight stroll
With Mephistopheles
Wake up dead
You're awake enough
To know just what it takes
To get away from me
Wake up dead
You're excited to
Wake up dead
But I will accept you
Til the sun falls down
And I will protect you
Til the sun falls down
And I will respect you
Til the sun falls down
