

# When Love Breaks Down

[Lisa Stansfield](#)

My love and I, we work well together  
But often we're apart  
Absence makes the heart lose weight, yeah  
Till love breaks down, love breaks down  
Ooh my, oh my, have you seen the weather?  
The sweet September rain  
Rain on me, like no other  
Until I drown, until I drown  
When love breaks down, the things you do  
To stop the truth from hurting you  
When love breaks down, the lies we tell  
They only serve to fool ourselves  
When love breaks down, when love breaks down  
My love and I, we're boxing clever  
He'll never crowd me out  
(He'll never crowd me out)  
Both be free as old confetti  
And paint the town, paint the town  
(And paint the town, paint the town)  
When love breaks down, the things you do  
To stop the truth from hurting you  
When loves breaks, down the lies we tell  
They only serve to fool ourselves  
When love breaks down, we join the wrecks  
Who leave their hearts for easy sex  
When love breaks down, when love breaks down  
Oh, yeah, when love breaks down  
Love breaks down, love breaks down  
Love breaks down, when love breaks down  
My love and I, we were high and climbin'  
Into the sky of blue  
Loud with colors, of a rainbow  
A changing view, changing view  
When love breaks down, the things you do  
To stop the truth from hurting you  
When love breaks down, the lies we tell  
They only serve to fool ourselves  
When love breaks down, we join the wrecks  
Who leave their hearts for easy sex

When love breaks down, when love breaks down
