Friends

Backyard Babies

(Mike Monroe, Hanoi Rocks)
I know a man
back in Japan
Backyard Babies
is his favorite band
(Joey Ramone, Ramones)I got a friend
but they won't let him in
His name is Ben
He's gone to hell- Cause there is nothing
that touches me the way they do
and all the lies, you've been hearin' baby
that touches me they way they do
they're all true
Nothing touches me the way these people do
- Cause there is nothin'(Danko Jones)
I got a friend
Her name is Grace
When we broke up
it put a smile on my face
(Tyla, Dogs D'Amour)that I love
And there's a girl
Sadly she resides in
heaven up above
- Cause there is nothingand all the lies, you've been hearin' baby
that touches me the way they do
- Cause there is nothin'
they're all true
that touches me they way they do
Nothing touches me the way these people doLook at all these lonely people
But they can not die
They're born to loseI love my friend
(Nina Persson, Cardigans)
He doesn't know me
My only friend
(Kory Clarke)
But his word is my command
We meet our friends
Down at the bar
Celebrity intoxicated stars
