

Down South Woman Blues

Washboard Sam

I woke up this mo'nin
With my down south woman
 On my mind
I woke up this mo'nin
With my down south woman
 On my mind
Yes, some some of these mo'nins
 Hoo, Lord, I'm gonna find
That woman a-mineI'm gonna walk Highway 51
 'Till I find Highway 49
 I'm gonna walk Highway 51
 'Till I find Highway 49
 I've got a ninety pound, woman
Hoo, Lord, would ease my worried mind'Beat it out, beat it out'(instrumental & piano)Now, get hip to what I
 tell you
 Babe, an don't be nobody's fool
 Now, get hip to what I tell you
 Babe, an don't be nobody's fool
 And when I walk back into town
Hoo, Lord, I won't be so easily ruledI may be a long time comin'
 But baby, please let me in
 I may be a long time comin'
 Baby, please let me in
 And you tell yo' best man
 Hoo, Lord, I'm back in town, again.~
