

Everything Is Sound (La La La)

Jason Mraz

When there is love, I can't wait to talk about it
When things get rough, I like to walk with you
Or when it's night, I like to be the light that's missing
And remind you every minute of the future isn't written
Now get it When there is love, or when the heart feels heavy
We can lighten it up, if you've had enough
Well you can empty your glass and we can fill it back up
You know it's up to us to make it all up
So what you making up? I can make it up back
You could be loved no matter what
You know the only time is right now, it's right well where you are
You don't need a vacation when there's nothing to escape from Singing

La la la la

Let's all sing

La la la la

Lay me down

Everything is sound Let's sing to be happy, to feel things, to communicate, and be heard
Or sing out to protest, and to protect, and to harmonize with birds
Whether it's your birthday, or your dying day
It's a celebration too

Rejoice to use your voice, and give wings to any old choice
Whatever you're choosing right now, it's right where where you are
You don't need a vacation when there's nothing to escape from Send your vibration and your undulation to the
highest it can go

And trust me, hear me

If it makes you wanna sing

Just sing it La la la la

Let's all sing

La la la la

Lay me down

Everything is sound

La la la la

Let's all sing

La la la la It's a song that I've forgotten often

It doesn't make me wrong

'Cause we all need the darkness, to see the light
And now we're on rise, come on, and sing it La la la la

Let's all sing

La la la la

Lay me down
Everything is sound
La la la la
Let's all sing
La la la la
We're connected now
La la la la
Let's all sing
Hallelujah
Everything is sound
La la la
Let's all sing
La la la la
We're connected now
