(Iâ€™ve found love)
(Iâ€™ve found love)

We were just two strangers
Many worlds apart
You stepped into my life
And you stole my heart
My world was filled with darkness
Your love was my light
That chased away my heartache
Made everything all right
Now baby, that Iâ€™ve got you
I know youâ€™re here to stay
Iâ€™ve never been so happy
Love finally has come my way

Was so lost before you
Iâ€™m so glad Iâ€™ve got you
(Iâ€™ve found love)
In a world of lonely lovers
Our hearts found each other
(Iâ€™ve found love)

You donâ€™t know how much Iâ€™ve prayed
That I would fall in love
I know now that God heard me
He sent you from above
To take away my sadness
And all my lonely nights
I feel your spirit move me
When I hold you and I squeeze you tight
Because my days before you
Were days of stress and strife
You make me feel Iâ€™m complete

Baby loving you has changed my life

Was so lost before you
Iâ€™m so glad Iâ€™ve got you
(Iâ€™ve found love)
In a world of lonely lovers
Our hearts found each other
(Iâ€™ve found love)

You are my sun
Making my world bright
You are my stars
Baby, youâ€™re my guiding light
You came into my life
Gave me a new start
Itâ€™s just you and me
Weâ€™re two souls, but we share one heart

Was so lost before you
Iâ€™m so glad Iâ€™ve got you
(Iâ€™ve found love)
In a world of lonely lovers
Our hearts found each other
(Iâ€™ve found love)
