Tattered Youth

Attention

I've been lost
I've been found
I've been traded
Like a dollar on the street
Passed around
Loved and hated
Now I'm jaded, can't you see?There is a lot like me out there
Yeah there's a lot like me out there
Who never really had a shot no matter what they did
They never had a chance just to be a kidSo we drink a lot and we sleep all day
We try to hide all of our problems away
When the sun comes up, we'll just throw it all awayI guess there's no other way out
So just stay out
Gonna do this on my own
You're gonna see how it plays out
When I break out
When I find a new way homeFind a new way homeMoved out
Got my own place
Called my dad
He said "son are you okay?"Yeah, there's a lot of things I wish I said
All these emotions filling up my head
The thought of losing you just makes me sad
So many memories I wish we hadNow I work all day and I stay up late
Try to think of all the things I'd say
When the sun comes up, let's just take it day by dayI guess there's no other way out
So just stay out
Gonna do this on my own
I'm gonna see where it plays out
How I make out
When I find a new way homeGonna find a new wayOh is there any other way to answer all my questions
Do I have to leave you lying all alone like a dollar on the streetThere's a lot like me out there
There's a lot like me out there
There's a lot like me out there
There's a lot like meI guess there's no other way out
So just stay out
Gonna do this on my own
You're gonna see how it plays out
When I break out
When I find a new way homeGonna find a new wayFind a new way home
