

# The Messengers

**Brant Bjork**

Dont you try to find you  
this surprise inside of you  
cause I, I know they love you  
and thats why I needed to tell you They're coming for you  
They're coming for you Whats this force controlling you  
compromise can kill you  
The chance to shine is calling on you  
The time is now to fight the ones  
Who who pull you down  
and tell you your a fool  
Your stereos too loud and they don't understand you  
wheres that person that never said a thing mommy don't compromise me  
daddy its setting me free  
mommy now i believe  
now i believe that this is what should be Now gene is coming up the street  
Hes going to burn my house down with fire  
The kids who burn up what they say  
Ejaculate when the flames get higher and higher  
Never listen to the ones who say its too late  
When they control strings that control you day to day  
If you want to sell your soul for rock n roll  
Never ask the folks if its ok Now my world is a carpet floor  
And my life is a record store  
15 years old I'm not a Virgin anymore  
I think Ill quit school cause its such a bore Ill settle the score  
Now I'm reborn  
Ill settle the score  
Now I'm Reborn
