

I'll Never Dream

Kaskade

Words can mean or mislead
Laying the heart on the line
For that second you believe
That life without him you'll survive
I've Tried

I'm asleep but I can never dream
Because dreaming brings me back to you
I try to think of what the future holds
Because my past belongs to you

Lovely as a summer breeze
Taking away memories
Just hoping for a miracle
Embracing my Life without you
I've Tried

I'm asleep but I can never dream
Because dreaming brings me back to you
I try to think of what the future holds
Because my past belongs to you

It brings me back
I'll Never Dream
