

# We Were Made For Each Other

Thomas Maguire & Fhiona Ennis

We were made for each other  
I am for you your for me  
There will never be another  
I'll be yours eternally

For as long as the world turns  
And the leaves of autumn fall  
Long as theres a star in heaven  
I'll be waiting for your call

We were made for each other  
I am for you your for me  
There will never be another  
I'll be yours eternally

## Instrumentals

For as long as the wind blows  
Long as summer follows spring  
Long as winter brings the snowflakes  
I will love you constantly

We were made for each other  
I am for you your for me  
There will never be another  
I'll be yours eternally

We were made for each other  
I am for you your for me  
There will never be another  
I'll be yours eternally

No there will never be another  
I'll be yours eternally
