Tomorrow

Information Society

Day after day, I'm waiting
And I'd lie for you, I'd die for you
And it makes me laugh to think
That I ever heard you say, "I love you"I might never see you again
But I'll get along 'cause I'll always knowTomorrow will happen just like today
Tomorrow will happen, don't care what they sayNight after night, you used me
I'm afraid of you, I hated you
I wanted a chance to run to get away
I thought you knewI might never see you again
But I'll get along 'cause I'll always knowTomorrow will happen just like today
Tomorrow will happen, don't care what they say
My life would be right if you only knew
I'd come back tomorrow to be with you
