# I Come Alive (Rimshots and Basses)

## Incognito

Advisory - the following lyrics contain explicit language:

I just wanna get down
My feet stompin' in the ground
Music be my healer
Sa du ba du ba du deiI feel it in my veins
From the rimshot to the bass
For me there is no other, noI'm headin' midtown
For a shakedown
Right there in the corner
That's where I'm gonna beI come alive
When the backbeat starts to hit me
Takes me home and feeds my soulI come alive
And the swing becomes my inspiration
I am revived and my spirit is receivedYou can say what you want
Ain't nothin' better for the blues
Heaven knows it, baby
Scu ba du ba du deiSee the smile on my face
When I close my eyes and shine
And the world just doesn't matter, noI come alive
When the backbeat starts to hit me
Takes me home and feeds my soulI come alive
And the swing becomes my inspiration
I am revived and my spirit is received
