

# Decoration Day

**John Lee Hooker**

Peoples, I had a woman  
She was nice and kind to me in every way  
Peoples, I had a woman  
She was nice and kind to me in every way  
Lord, she died; she left me  
I sing the blues on every Decoration Day  
Lord, I was standin' around my baby's bedside  
When my Lord taken my baby away  
Lord, I was standin' around my baby's beside  
When my Lord taken my baby away  
Well, well, when it hurt so doggone bad  
Lord, I hung my head an cried "Yes, so sorry"  
She said, "Daddy, please, don't worry  
'Cause everybody's got to go  
Daddy, please, don't worry  
'Cause everybody's got to go "Well, well, well, well  
Lord, the best woman  
God knows I ever had  
All this hurtin'  
I just hung my head an cried
