

Up All Night (Acoustic Live Album Version)

Unwritten Law

Can we talk about automatic satisfaction
Sittin' back relaxin' floored?
What's wrong with kickin' it when you're bored and lit?
Let's smoke some cigarettes
And catch up on the back porch fire up another roach
And we don't need a rest this is just a test 'Cuz we're alright, we're up all night
To see the sun come up again now
Just one more time no reason why
To see the sun come up again The more we try to change
The more we stay the same, we're caught up in the game and now
Just like empty picture frames so now we're to blame
Said, "We're gettin down, on Genesee and fountain
Smelled another mountain now"
If you ain't gettin down, you'll come around And we're alright, we're up all night
To see the sun come up again now
Just one more time, no reason why
To see the sun come up again So let's smoke some cigarettes
And catch up on the back porch, fire up another roach
And we don't need a rest, it's just a test
And as the world spins
We'll watch it with a grin and look in as the day begins
Well now it's on again, it's dawn again, yeah, yeah And we're alright, we're up all night
To see the sun come up again now
Just one more time, no reason why
To see the sun come up again Yeah we're alright, yeah we're alright
Yeah we're alright, up all night
Yeah we're alright, yeah we're alright
To see the sun come up again now
