Tell me now  
Babbi Babbi Babylon  
Babbi Babbi Babylon  
Tell me whats your plan, me no over stand  
Babbi Babbi Babylon  
Babbi Babbi Babylon  
How you a move so wrong, whats your plan  
Babbi Babbi Babylon  
Babbi Babbi Babylon  
Babbi Babbi Babbi-wrong

From before we born you a deceive we  
You par with the rich and diss the poor and needy  
You try to hide your stingy ways but we done know you greedy  
You have a whole cake and bear crumbs you a feed we  
How you a move so?  
and you a treat we like a pickney  
We sick and we tired, long time we done see through your trickery  
You mussi feel say we a fool  
We go to school and bun your history  
But still the way you move to me is a mystery

(chorus)

Me hear say your actions will never change  
But me see it fi me self how you move funny and strange

Just because me ancestors dem bruck out a chains  
You hide it but mentally you a lock down we brains  
I wasn't there when you did leave whole heap a blood stain  
I wasn't there when the people dem a build up tracks fi your trains  
You did have me bredda dem a work hard and treat me sisters like dog  
and still you walk around with no shame  
You can't hide it cause the fact still remains  
that you advance but your dutty ways are still the same  
and the seed plant and the mucky blood in a your veins  
and still my people dem a feel the pain  
Well me a look out fi me family  
Iâ€™ve had enough, long time me a tell you this but you not hearing me  
Well me a pronounce me word dem loud and clearly  
Anytime Babbi-wrong dem deh near we

(chorus)

Sittn lick in a yuh head me want know whappn to you  
Babbi Babbi Babylon  
I wanna know I wanna know  
Weh you a plan weh you a do
