Crucified

Genitorturers

Behold, all the eyes shall see them
All wound that pierce them
Take pleasure in his sins
Take pleasure in her suffering
When you lie with the beast
You shall die with the beast
Behold the eyes that pierce them
So you say your lord had mercy?
So you say your lord has faith?
Behold the eyes that pierce him
In this synagogue of satan!
Behold this seven spaces sewn
Behold the seven spaces known
Behold the seven spaces
Set apart beside the master's throne
1,2,3,4,5,6,7 all good saviors go to heaven
Seven spaces sewn, seven spaces known
Seven spaces set apart beside the master's throne
