

# Wouldn't You

## N-Dubz

Na Na Naii

Oh Na Na Noww[Tulisa]

[Verse 1]

Said Boy ive been seeing you for quite a while  
And I needa confess express what you do to me

I need to tell you

About the way youve changed my life  
So many beautiful nights your the reason  
Youve got me staying ha ha through the night

See the thing is..[Chorus]

I dont quite understand

What youre trying to say (straight up)

Can you make it clearer?

and I just want you nearer

See everyone around me keeps on saying that

I must be blind (well they do have a point)

Shut up!All im tryin got say is that

Wouldnt you wouldnt you

like to have me to yourself

all to myself

all to yourself

what if I was to break your heart

who would be dumb enough to

lose all that I have got for you

all to myself

all to yourself

you've got to finish what you starthaha I can give you that haha

let me give you that hahahahahana na naii

oo na na noww[Dappy]

I like when you wear them material things

But I like it more when you try my hat on with the strings

And do the impression on me when I say na na naii

I aint gonna lie no more you must have done a lot

For the body and the back and the brain that youve got

Its simple if I start I wont stop

Youre so intelligent with such a high IQ

So if I ever have a baby id love it to be with you[Faze]

The way she smiles at me every time she sees me its crazy

Im proud to call her my lady

Like daps said, she the type of I girl I wanna see holding my baby

And she dont get excited whenever my job pays me

But if im on the phone she dont act right

So I try to keep them well away

So I dont have to stop a catfight

Cant say I never said I wasnt that type

Truly you really confuse me

And thats why[Chorus]

I dont quite understand

What youre trying to say (are you mad as)

Can you make it clearer?

and I just want you nearer

See everyone around me keeps on saying that

I must be blind (you must be blind)(i dont understand)

shut up!All im tryin got say is that

Wouldnt you wouldnt you

like to have me to yourself

all to myself

all to yourself

what if I was to break your heart

who would be dumb enough to

lose all that I have got for you

all to myself

all to yourself

you've got to finish what you starthaha I can give you that haha

let me give you that hahahahahana na naii

oo na na noww[Dappy]

Whatever what would a girl like you want from a rebel like me?

Got no money in the bank just stuck in a council estate ??[Tulisa]

Together, will get abit closer to the dream

lets fly away just you and me so its up to you[chorus]

Wouldnt you wouldnt you

like to have me to yourself

all to myself

all to yourself

what if I was to break your heart

who would be dumb enough to

lose all that I have got for you

all to myself

all to yourself

you've got to finish what you starthaha Wouldnt you wouldnt youlike to have me to yourself

all to myself

all to yourself

what if I was to break your heart

who would be dumb enough to

lose all that I have got for you
