

Temporary Insanity

[Alexz Johnson](#)

What just happened, did you kiss me?
'Cause that's a place we've never been until now
And I don't know how it's gonna be after this
Do we pretend these feelings don't exist at all
Or do we fall? My confusion shows whenever you get so close
I stumble, I stutter, forget what to say
I'm nervous, I wonder why I'm acting this way It's temporary insanity
What's going on with you and me
Is it real or is it fantasy
Forever or just temporary?
Insanity You made a move and changed your mind
Too much to lose, you've crossed the line
Between friends and something more
Was it all a big mistake? And if it was
It's much too late to undo and I don't really want to Let you go but I still don't know how I feel about you
What this really means it's crazy to want you
Is it meant to be? It's temporary insanity
What's going on with you and me
Is it real or is it fantasy
Forever or just temporary? It's temporary insanity
What's going on with you and me
Is it real or is it fantasy
Forever or just temporary?
Insanity Oh, what you do to me?
What comes over me, oh?
If this is crazy there's nothing I'd rather be It's temporary insanity
What's going on with you and me
Is it real or is it fantasy
Forever or just temporary? It's temporary insanity
What's going on with you and me
Is it real or is it fantasy
Forever or just temporary? Losing my mind, losing my mind
Losing my mind, losing my mind
Losing my mind, losing my mind
