

Heart & Spine

Frankie Chavez

It takes more than illusion
To find a suitable solution
and if you wanna save your soul
you better leave before it's too late
It takes more than self-control
to understand the way the wind blows
and if you wanna be completed
just find a cause and believe in it
No one can save you little honey
(no one can save you little honey)
No one can save you little honey no...
It takes a heart and a spine
To understand what this is all about
And if you wanna take the chance
Just leave it with me and I'll stick it
I'll make it bleed 'till it drops
I'll make it beat 'till it stops
No one can save you from my love
Oh let me show you my love
No one can save you little honey
(no one can save you little honey)
No one can save you little honey no... oooh
No one can save you little honey
(no one can save you little honey)
No one can save you little honey no... oooh
(little honey no... oooh)
