

My Head's In Mississippi

ZZ Top

I'm shufflin' through the Texas sand
But my head's in Mississippi
I'm shufflin' through the Texas sand
But my head's in Mississippi The blues has got a hold of me
I believe I'm gettin' dizzy
Help me now I keep thinkin' 'bout that night in Memphis
Lord, I thought I was in heaven
I keep thinkin' 'bout that night in Memphis
I thought I was in heaven But I was stumblin' through the parking lot
Of an invisible seven eleven
What was I doin' out there? Last night I saw a cowgirl
She was floatin' across the ceilin'
Last night I saw a naked cowgirl
She was floatin' across the ceilin' She was mumblin' to some howlin' wolf
About some voodoo healin'
Baby Where's my head, baby?
Somewhere in Mississippi Yeah, my head
