

Angel

Violet Indiana

Come home to me
So I can bathe with you and me
Home to me I'm watching down through cloudy eyes
Up above the misty sky
Looking through the sadness
I left in your eyes Come home to me
So I can bathe with you and me
Home to me Breathing love down into you
I see your lie, everything too
Down in the clouds, reaching out to you
Oh, I know how much you miss me too Come home to me
So I can bathe with you and me
Home to me Come home to me
So I can bathe with you [Incomprehensible]
Come home
