Gone To The Dogs

Great White

(Jack Russell, Mark Kendall, Michael Lardie, Don Dokken)I see the sun comin' yeah but I can't sleep
I swim against the tide until I'm drownin' in the deep end
Rushin' to the rhythm of a racin' heart
The more you get, the more you want
The more it takes to please youI'm feelin' so alive
Only the truth to hide
Gone to the dogs, that's right
Gone to the dogs, that's what I sayNever had a lover keep a leash on me,
but keep that tail a-waggin 'till the next time I see ya
Dance under the moon 'til the mornin' light
Honey don't ya' fake me
Come on shake me baby, take me tonight
