Grace

Tenth Avenue North

Hear mercy sing
She cries to bitter hearts
And your suffering
Oh, please let go
Give up your fight
Holding back your love
Will never make things right, no

Itâ€™s gonna be okay
Okay, tonight

Grace, only grace
Can roll your dead heartâ€™s stone away
Grace, only grace
Can move us to a rhythm that will change our ways

Oh, listen to love
Let pride hit the ground
When joy is the armor
It canâ€™t be broken down
If hate is the fuel
No one will win
When your off on empty
Thatâ€™s where life begins

Grace, only grace
Can roll your dead heartâ€™s stone away
Grace, only grace
Can move us to a rhythm that will change our ways

Grace, grace
Come and move me
Oh come and move me now
Grace, recreate me
Oh, from the inside out

Grace, only grace
Can roll your dead heartâ€™s stone away
Grace, only grace
Can move us to a rhythm that will change our ways

Grace, only grace
Can roll your dead heartâ€™s stone away
Grace, only grace
Can move us to a rhythm that will change our ways
