

# Piece Of Cake

## Jethro Tull

Come running, go for overkill  
If you don't come now, I'll be over the hill, alright?  
Tell me, alright  
Got a sell-by date, soon be out of stock  
Pop me in your trolley, you can start my clock, well, alright?  
Tell me, alright  
I could be on your shelf  
Could be the risk you take  
I'm a cup of hot coffee  
I'm a piece of cake, piece of cake  
I'm the hot chicken in your superstore  
You can take me home if you can take some more, well, alright?  
Tell me, alright  
I could be on your shelf  
Could be the bread you bake  
I can fill your larder  
I'm a piece of cake, piece of cake, come on  
Show me Rosemary, I'll show her wild time  
See you at the checkout or on the credit line, well, alright?  
Tell me, alright  
I'm your spicy filling, I'm your low-fat spread  
I'll be your smooth rubber, be your pencil lead, alright?  
Tell me, alright  
If you set me to simmer  
If you grill my steak  
You can bowl me over  
I'm a piece of cake, piece of cake, alright
