Thick (Acoustic 2016)

Tonic

Oh my sugar she won't bend
Fly with me
On your love she will depend
Fly with me, my Love
When you're down, feeling low
Not quite paid for not quite sold
And they all have you tricked
And the world has made you thick
My love she dreams
And she sleeps with broken faces inside
Cold water runs deep
When she sleeps with broken faces
I can wonder, she cane see
I roll over, she will breathe
All the others make you smile
Just lay back girl don't drive a while
My love she dreams
And she sleeps with broken faces inside
Cold water runs deep
When she sleeps with broken faces
My love she dreams
And she sleeps with broken faces inside
Cold water runs deep
When she sleeps with broken faces
My love she dreams
And she sleeps with broken faces inside
Cold water runs deep
When she sleeps with broken faces
