Come On, Get In

Kt Tunstall

Come on, come on, come on
Get in, oh, baby
Well, I worked it out
I gotta say goodbye
I can see it clear as day
With a naked eye
Smells like thunder
You look like rain
And it's spelling out
Disaster is my name
Oh, well, we could make it easy
We could do it right
'Cause you know the time has come
Must be done, we're going downhill
Oh, oh, oh, downhill
Oh, oh, oh, downhill
Oh, oh, oh, hey, hey
Come on, can you see the light?
Come on, you know it feels right
The door is open
Are you gonna take the ride?
We're playing it all wrong
That's why I'm saying it
Come on, get in
Get in, get in, come on
Gotta do it friendly
Gotta do it soon
Got to get this mean old beast
Out of the room
'Cause he's been greedy
And we've been blind
While we let him creep up on us
From behind
Oh, but he's not gonna get me
He's not getting you
'Cause you know the time has come
It must be done
We are going downhill
Oh, oh, oh, downhill

Oh, oh, oh, downhill
Oh, oh, oh, hey, hey
Come on, can you see the light?
Come on, you know it feels right
The door is open
Are you gonna take the ride?
We're playing it all wrong
That's why I'm saying it
Come on, get in
Get in, get in, get in
I'll take the anger
You take the pain
And we'll promise that
We won't go back again
Oh, 'cause the time
The time has come
We could break these chains
And baby, we could run
So keep your eyes on the road
And keep your hands on the wheel
'Cause we know the time is right
We just might
Make it going downhill
Oh, oh, oh, downhill
Oh, oh, oh, downhill
Oh, oh, oh, hey, hey
Come on, can you see the light?
Come on, you know it feels right
The door is open
Are you gonna take the ride?
We're playing it all wrong
That's why I'm saying it
Come on
Come on, can you see the light?
Come on, you know it feels right
The door is open
Are you gonna take the ride?
We're playing it all wrong
That's why I'm saying it
Come on, get in
Get in, get in, oh come on
