

Keep Your Girlfriend

Local H

Keep your girlfriend away from me
It's just advice I'm giving you for free
Wanna have everything I see
So keep your girlfriend, keep your girlfriendKeep your girlfriend away from me
I got no sense of comradely
I've got a couple hits of ecstasy
So keep your girlfriend away from meI will, here we go, yeah, I know how to get it
I will, got no code and I wanna push the limits
I will, get so low and I wanna wallow in it
I will, so keep your girlfriend, keep your girlfriendKeep your girlfriend away from me
Keep your girlfriend away from meDon't talk to me about honesty
Don't talk to me about loyalty
Don't talk to me about a goddamn thing
Just keep your girlfriend away from meI will, here we go, yeah, I know how to get it
I will, got no code and I wanna push the limits
I will, get so low and I wanna wallow in it
I will, so keep your girlfriend, keep your girlfriendI will, now you know, I've exposed my intention
I will, got no soul and I love my infection
I will, wanna know how it feels when she gives in
I will, I will, I will, I willKeep your girlfriend away from me
Keep your girlfriend away from meYeah, we're coming to the time when we reach the bitter end
Everything is ripped and broken, everything is cracked and bent
You won't ever know my mind, you won't ever comprehend
This is nothing to do with your girlfriendI will, I will, I will, I will
I will, I will, I will, I will
I will, I will, I will, I will
I will, I will, I will, I willKeep your girlfriend away from me
Keep your girlfriend away from me
Keep your girlfriend away from me
Keep your girlfriend, keep your girlfriendKeep your girlfriend, keep your girlfriend
Keep your girlfriend, I will, I will, I will, I will
Keep your girlfriend away from me
