VERSE 1 (Jon Young):
kinda funny how u come around

everytime my my fone's checked
before u cared less

we aint even split up
u callin it a break

im callin it too late im threw witch a
so long

better witch u gone
dont know whatchu dont need

until ya move oni dont need no chick
fuckin up my life

i found someone better

she made me realizewhatchu lookin for is out there

i didnt believe

i was, quick to settle
for the 1st thing i'd see but i wised up

got me a down ass chick
mo' better & mo' badder

i done climbed up the ladder so ya still tryna holla
whatchu hopin fo?

ya need to keep it movin

CHORUS Jon Young (2x)
VERSE 2 (J. Cash):
we done been through the hatred
been through all the fake shit
we need to go our own ways

girl i cant take it so the phone calls

slowly tapered off in the months naw i didnt think about ya

nope, not even once been too busy being happy
i got a new lady
and now all of a sudden you comin round
that's crazy think im gonna leave her
girl you need to stop scheming
you already had your chance
yea, bitch keep dreamin and you can miss us
with all your lil kid games
startin rumors bout me
my god girl them kid thangs and dont you have a man
wheres he in all this?
ya need to worry bout you
and leave us alone bitch stop tryin to break us up
cuz it aint workin
this loves too strong
for ya jaw jerkin so aint it funny
that every time ya spoken for
it seems that's when
they always wanna pop up &
they want ya more CHORUS Jon Young (2x) BREAKDOWN (Jon Young): (2x)
girl u got me fucked up
i aint gona' leave her for you
you must be out your mind
if ya thankin' ima go back to you CHORUS Jon Young (2x)
